Westfalia Technologies, Inc. Hires New Service Manager

York, Pa. – July 8, 2010 – Westfalia Technologies, Inc (www.WestfaliaUSA.com), a leading provider of warehouse automation solutions, has named Bill Brown as Service Manager. He will be responsible for supporting customers' service needs including installations, upgrades, preventative maintenance and repairs to Westfalia's Automated Storage & Retrieval Systems (AS/RS), conveying systems and the Westfalia Deam case packing & handling systems product line.

Brown has over 20 years of manufacturing experience, and over 15 years of management and customer service specific to the manufacturing industry. Previously he held positions at Graham Engineering as Service Department Manager and at Engel Machinery.

"We are confident Bill Brown will move our service department forward as we continue the mantra of being a world class organization. Our service organization is growing year after year, and our customers are demanding more flexibility, faster response time, and more technical competence. He will bring professionalism, service expertise, and be a good custodian of our client relationships," said Dan Labell, President of Westfalia Technologies, Inc.

About Westfalia Technologies, Inc. (www.WestfaliaUSA.com)

Westfalia Technologies, Inc. is a leader in providing logistics software and material handling equipment for plants, warehouses and distribution centers. Their expertise in combining software (WMS) development with automated equipment manufacturing reveals Westfalia's ability to deliver turn-key solutions to meet each client's specific needs with unsurpassed quality and control.
