Westfalia Technologies Honored on 2016 FL100+ List

Publication acknowledges logistics solutions provider for helping food and beverage manufacturers and distributors optimize processes and maximize efficiencies with warehouse automation

York, Pa. – Dec. 19, 2016 – [Westfalia Technologies, Inc.](http://www.westfalia.com), a leading provider of logistics solutions for plants, warehouses and distribution centers since 1992, has been named to *Food Logistics'* 2016 FL100+ list. In Westfalia's third consecutive year on the list, the publication acknowledges the company for helping food and beverage manufacturers and distributors optimize processes, maximize efficiencies and unveil cost savings with warehouse automation technology.

Westfalia's high-density AS/RS can store and retrieve layers and cases (with and without a pallet) from inventory, with maximum speed, efficiency and responsiveness. Combined with Westfalia's Savanna.NET® WES, the AS/RS provides organizations full control over material flow. Moreover, the AS/RS and Savanna.NET® easily accommodate last-minute order changes and transportation delays, while keeping the warehouse moving smoothly.

"The software and technology sector continues to generate new and exciting opportunities for growers, food manufacturers, grocery retailers and the many logistics providers that support them," noted Lara L. Sowinski, editorial director at *Food Logistics*. "Today's cloud-based solutions and mobile connectivity are helping create tools that are more flexible, affordable and responsive, making software and technology even more valuable to those in the global food supply chain."

Companies on this year's 2016 FL100+ Top Software and Technology Providers list will be profiled in the November/December 2016 issue of *Food Logistics*, as well as online at www.foodlogistics.com.

About Food Logistics

Food Logistics is published by AC Business Media, a business-to-business media company that provides targeted content and comprehensive, integrated advertising and promotion opportunities for some of the world's most recognized B2B brands. Its diverse portfolio serves the construction, logistics, supply chain and other industries with print, digital and custom products, events and social media.
